

**American Association of Colleges of Pharmacy
Global Pharmacy Education SIG
Communications Committee Report
Global SIG Business Meeting
Monday July 12, 2010 5:15 PM – 6:15 PM**

Committee Members: Tina Brock, Okezl Aruoma, Raman Venkatavamanan and Ellen Schellhase (chair)

- There was no formal meeting of the committee during the calendar year.
- The committee members and the executive committee reviewed a one-page information sheet that is being considered for circulation to the membership as a means of providing information on global activities and linkages that members are involved in. This is in response to member comments during the 2009 business meeting regarding the ability of members to share what they are doing on an informal basis in order to create linkages and exchange ideas. The plan is to feature one of these periodically via list-serv and/or website to communicate the global activities within the SIG. The form is complete. The implementation process will need to be continued by the next communications committee.
- There will be a change in vendors for the website and therefore training for webmasters was cancelled during the business meeting. A webinar training will be used to train webmasters on the new system when it is available.
- The communications committee continues to monitor the list-serv and use it for providing announcements and information that may related to global involvement and activities.

Respectfully submitted,

Ellen Schellhase, Chair of the Communications Committee
AACP Global Pharmacy Education SIG
