

FINAL REPORT OF THE NOMINATIONS COMMITTEE
COUNCIL OF FACULTIES
Submitted by Julie Szilagyi, Chair
April 2010

Committee Members:

Sally Houston (Georgia)
Nancy Nickman (Utah)
Julie Szilagyi (Houston)
Robert Talbert (Texas)

Charge:

The committee was charged with developing procedures for recruiting, vetting and evaluating candidates for chair-elect designate.

The committee met via conference call to discuss the process to be followed and to begin the search for candidates. The committee also communicated via email regularly. Members were assigned to contact section chairs and SIG members to encourage nominations from the sections. Committee members also communicated with their networks to facilitate identification of possible candidates. Information regarding past chairs was distributed to the committee as well. A call for nominations was distributed via the Council of Faculties listserv on three occasions. In addition, a call for nominations was made at the COF Business Meeting during the Interim Meeting, via the House of Delegates listserv and AACP newsletters.

The committee communicated to finalize the process and then began evaluating the nominees. After each member provided their rankings and any comments regarding the candidates, the results were tabulated. The results clearly indicated two outstanding candidates for Council of Faculties Chair-Elect (designate).

The two candidates are:

Daniel Brazeau, PhD, Buffalo
David Zgarrick, PhD, Northeastern
