W. Renee’ Acosta
Professor Acosta is a Clinical Associate Professor in the Health Outcomes and Pharmacy Practice Division at The University of Texas at Austin College of Pharmacy. She earned both a Bachelor of Science and a Master of Science degree in Pharmacy from The University of Texas at Austin. Professor Acosta was a pharmacist with Walgreens for eight years prior to entering academia. She served as the Program Director for the Pharmacy Technician Training Program at Austin Community College, prior to joining the faculty at UT. Professor Acosta teaches extensively in the professional Pharm.D. curriculum. Her courses and subject areas include: self-care, intravenous admixture, CPR, immunizations, and patient safety. Professor Acosta has been recognized for her contributions to teaching excellence and the use of new learning platforms and technology in the classroom. Currently, she is focusing on the use of technology and standardized patients in teaching skills’ based courses to further student learning and development.

Lindsay Acree
Lindsay Acree, Pharm.D., AE-C began working for the University of Charleston School of Pharmacy as Assistant Professor in the Practice Department in July of 2014. She completed her Pharm.D. at the University of Charleston School of Pharmacy (UCSOP) in May of 2013 and completed a PGY-1 Residency Program with a focus in Ambulatory Care, also at UCSOP in June 2014. Lindsay has been the APhA-ASP advisor since beginning at UCSOP. She also co-coordinates a class titled, Lifestyle Modification, Disease Prevention, and Self-Care, which is required in the first didactic year in the curriculum. Lindsay completed her certification to become an Asthma Educator through NAECB in November 2013. She works closely with United Hospital Center (UHC) in Bridgeport to provide care to children attending Camp Catch Your Breath each summer. In addition to teaching, Lindsay provides ambulatory care services to patients in regards to diabetes, weight management, asthma, COPD, Medication Therapy Management (MTM) as well as tobacco cessation. She runs PharmUC, which is a clinic located within UCSOP, as well as providing services to employees of the City of Charleston through the CareHere Clinic located in downtown Charleston, West Virginia.
**Erin N. Adams**

Dr. Erin Adams graduated from Virginia Commonwealth University’s School of Pharmacy (VCU) with a doctor of pharmacy degree in 2003 and completed a residency specialized in Endocrine and Metabolic Bone Disorders at the McGuire Veterans Affairs Medical Center in Richmond, VA. She completed the American Association of Colleges of Pharmacy Academic Leadership Fellows Program in 2013. Since 2004, she has been a faculty member at Shenandoah University School of Pharmacy (SU) with a clinical practice site at Fairfax Family Practice (FFP). She coordinates the Nonprescription Medicines course for the first-professional year student pharmacists and teaches a variety of topics within the course. Additionally she also teaches smoking cessation, immunizations, ethics, pediatrics and Cardiopulmonary resuscitation. In 2011, she was awarded Preceptor of the Year for her teaching and guidance at her Advanced Pharmacy Practice rotation site in Ambulatory Care. She has been published in Pharmacy Teaching and Learning, American Journal of Health-System Pharmacy, International Journal of Pharmacy Practice, Pharmacy Teaching and Learning, Pharmacotherapy, Hospital Pharmacy, US Pharmacist and Access Pharmacy. She is married with two children and enjoys community service at her church and with area Down syndrome organizations.

**Nabila Ahmed-Sarwar**

Nabila Ahmed-Sarwar received her Pharm.D. degree from Midwestern University-Chicago College of Pharmacy and completed a pharmacy practice residency with an emphasis in family medicine at the St. Louis College of Pharmacy. She is a Board Certified Pharmacotherapy Specialist and Certified Diabetes Educator. Dr. Ahmed-Sarwar was previously on faculty at Ferris State University, College of Pharmacy and has served as a preceptor for multiple colleges of pharmacy. She is currently appointed as an Assistant Professor of Pharmacy Practice at St. John Fisher College, Wegmans School of Pharmacy where she serves as the course coordinator for the Self-Care and Natural Products course. In addition to her faculty responsibilities, Dr. Ahmed-Sarwar is a clinical pharmacy specialist at Highland Family Medicine, Family Medicine Residency Program for the University of Rochester. Dr. Ahmed-Sarwar’s research interest include scholarship in teaching and learning, transitions in care, and chronic disease state management.

**Lauren B. Angelo**

Dr. Angelo is the Assistant Dean for Academic Affairs at Rosalind Franklin University of Medicine and Science College of Pharmacy. She obtained her PharmD and MBA degrees from Drake University and completed her community pharmacy residency training at the University of North Carolina with Kerr Drug. She has taught at Butler University and the University of Maryland. Dr. Angelo also spent time working for the American Pharmacists Association where she focused on the development and enhancement of live continuing pharmacy education programs. She travels throughout the country as a national faculty instructor to teach both the Pharmacy-Based Immunization Delivery and Delivering Medication Therapy Management Services certificate training programs. Dr. Angelo is an Associate Editor for the Journal of the American Pharmacists Association and has authored several books, which include topics on immunizations, MTM, and residency program development. She recently completed AACP’s Academic Leadership Fellows Program.
Jennifer L. Bacci
Jennifer L. Bacci is an Assistant Professor in the Department of Pharmacy at the University of Washington School of Pharmacy. Dr. Bacci completed her Doctor of Pharmacy and Master in Public Health degrees at the University of Pittsburgh in 2011 and 2015, respectively. She completed a community pharmacy residency with the University of Pittsburgh and Rite Aid from 2011-2012 and a community pharmacy research fellowship with the University of Pittsburgh from 2013-2015. She worked as a community pharmacist with Rite Aid from 2012-2015. Dr. Bacci has previously served as a preceptor for medical residents during a community pharmacy learning experience. She facilitated discussion on over-the-counter products and worked through multiple self care cases with the medical residents. Starting in the fall of 2016, Dr. Bacci’s primary teaching responsibility will be to serve as coordinator for the required self care therapeutics course in the first quarter of the first professional year. In addition to her teaching responsibilities, Dr. Bacci maintains a research program focused on innovation and implementation of patient care services in community pharmacy practice as well as a practice site with Kelley-Ross Clinical Pharmacy Institute.

Albert Bach
Dr. Bach earned his Bachelor of Science degree in Biological Sciences from the California State University, Fullerton followed by a Doctorate of Pharmacy from Western University of Health Sciences, Pomona, CA. He completed his postgraduate residency training in Community Pharmacy Practice at the University of Southern California (USC). His residency training included providing clinical pharmacy services within a community pharmacy-based physician clinic and in an independent community pharmacy. During his residency at USC, Dr. Bach also served as an Adjunct Assistant Professor of Pharmacy Practice for the USC School of Pharmacy where he earned a teaching certificate. Upon completion of his residency and prior to joining CUSP, Dr. Bach practiced as a clinical pharmacist at the Ronald Reagan UCLA Medical Center (RR-UCLA). He currently practices in a community pharmacy in Newport Beach offering immunizations, travel medicine, and MTM services.

Veronica Bandy
Veronica Bandy received her doctor of pharmacy and master’s degree from the University of the Pacific in Stockton, California. Dr. Bandy has worked primarily in community pharmacy practice and is an Associate Clinical Professor of Pharmacy Practice at the University of the Pacific. She is the course coordinator/instructor for Nonprescription Therapeutics, Community II IPPE, Practicum I and Practicum III. Dr. Bandy’s new role is as the course coordinator for the Pharmacology series with the Physician Assistant program at the University of the Pacific. She is also currently employed by Walgreens Pharmacy as an immunization trainer. Dr. Bandy is active in the California Pharmacy Associations and serves as the faculty advisor of the student Operation Diabetes Committee, Operation Immunization Committee, Salud, Rho Chi Beta Omega Chapter, and CAPSLEAD Committee at the University of the Pacific. She is a past president for the Central Valley Society of Health-System Pharmacists and for the San Joaquin Pharmacists Association. Currently, she is the Speaker Elect for the California Pharmacists Association (CPhA). Dr. Bandy serves as a trainer for the National American Pharmacists Association (APhA) Pharmacy-Based Immunization Program, Travel Medicine, Medication Therapy Management Program, and Pharmaceutical Care for Patients with Diabetes Program.
Jessica Bates

Jessica Bates earned a PharmD degree from the University of Kansas in 2008. She completed a PGY1 residency in Community Pharmacy at the UNC Eschelman School of Pharmacy in North Carolina. She is a board certified pharmacotherapy specialist with practice experience in ambulatory care and community settings. Prior to joining KU, she served as preceptor for the Balls Foods Stores community residency program. Dr. Bates now serves as a clinical coordinator for the Pharmacy Skills Laboratory at the Lawrence campus.

Kam Capoccia

Dr. Capoccia received her B.S. degree in Pharmacy from the University of Connecticut and her Pharm.D. from the University of Colorado Health Sciences Center in Denver. She completed a PGY1 residency at the University of North Carolina Hospitals in Chapel Hill and a PGY2 residency in Primary Care at the University of Washington Family Medical Center in Seattle. Dr. Capoccia has spent more than 15 years working in collaborative practice agreements. She has been a Board Certified Pharmacotherapy Specialist (BCPS) since 2000. Her current practice focuses on chronic disease state management such as diabetes, hypertension, and dyslipidemia. She is the director of a pharmacist-run, AADE Accredited Diabetes Self-Management Education Program.

Kimberly L. Carter

Kimberly L. Carter is an Assistant Professor at the Jefferson College of Pharmacy. She obtained her PharmD degree from The University of Tennessee in 2009 and completed an ambulatory care PGY2 specialty residency at The Johns Hopkins Hospital in 2011. She has held her current position as an assistant professor and clinical pharmacist for the past 4 years. Her current practice site is Penn Center for Primary Care in West Philadelphia where she serves as an ambulatory care pharmacist and preceptor for pharmacy students and residents. Her clinical and research interests include type 2 diabetes management, cardiovascular risk reduction, obesity/weight management, preventative medicine, and latent tuberculosis (specifically in refugee patients). Additionally, she serves as a lifestyle coach for patients who are at risk for developing chronic diseases such as type 2 diabetes, hypertension, and heart disease. She provides advanced nutrition and exercise counseling to patients and has had great success in helping patients lose weight and develop healthier lifestyles. Due to her strong interest in preventative medicine, she is the course coordinator for the Preventative Healthcare & Self-Care Course for first-year pharmacy students at the Jefferson College of Pharmacy.
Aimee Dietle
Aimee Dietle is an Assistant Professor of Pharmacy Practice at MCPHS University-Worcester/Manchester Campus where she teaches in courses including Drug Literature Evaluation and Self-Care Therapeutics. Aimee is a graduate of the University of Connecticut. Following graduation she completed a PGY1 Community Pharmacy Residency at Holyoke Health Center which now serves as her clinical practice site. Her interests include medication therapy management and evidence based medicine.

Marlowe Djuric Kachlic
Dr. Djuric Kachlic received her BS in Chemistry in 2001 from Valparaiso University (Valparaiso, Indiana) and her PharmD in 2005 from the University of Illinois at Chicago – College of Pharmacy. She completed a PGY1 Pharmacy Practice Residency with an emphasis in Community Care in 2006 with Dominick’s Pharmacy and the University of Illinois at Chicago – College of Pharmacy. She has worked at UIC since 2006 in two of the outpatient pharmacies, and in Family Medicine Center as a Clinical Pharmacist. In that time, Dr. Djuric Kachlic has taught in various electives and core courses in the College of Pharmacy. She has provided lectures on self-care for common GI disorders, scaly dermatoses, warts, and skin hyperpigmentation since 2006. She has also provided workshops for third-year medical students on non-prescription medications since 2012. Most recently, she worked with two other faculty members to create a non-prescription medication problem-solving workshop for student pharmacists entering their fourth year. Dr. Djuric Kachlic started the UIC Community Residency Program in 2012, and currently directs that program and its fourth resident. In 2014, she began working as a Clinical Assistant Professor in Experiential Education in the Department of Pharmacy Practice at UIC.

Erin Dorval
Dr. Erin Dorval completed her Pharm.D. and Community Pharmacy residency at Albany College of Pharmacy in Albany, New York. Dr. Dorval is currently an Assistant Professor at Palm Beach Atlantic University (PBA) Lloyd L. Gregory School of Pharmacy in West Palm Beach, FL. She spent four years, prior to her academic appointment, as a community pharmacist in St. Thomas, US Virgin Islands, where her residency training and knowledge helped to initiate medication management programs at the pharmacy. Dr. Dorval is one of the advisors for the American Pharmacists Association (APhA) student chapter at PBA. She teaches over-the-counter medications/self-care and is a preceptor for advanced pharmacy practice students in an independent community pharmacy. Dorval is a member of American Society of Health-Systems Pharmacy (ASHP) Section Advisory Group – MTM in the Community and a reviewer for Currents in Pharmacy Teaching and Learning and OTC Answers.
**Connie Kang**

Connie Kang is an Assistant Professor of Clinical Sciences at the Keck Graduate Institute School of Pharmacy in Claremont, California. She is in her second year serving as course coordinator for the first two self-care courses in a four semester sequential self-care series. Prior to joining KGI SoP in 2014, Dr. Kang practiced in a broad range of inpatient and community settings. Most recently she was a clinical pharmacist at Children's Hospital of Orange County, prior to which she worked at St. Vincent Medical Center, Sutter Roseville Medical Center, and Dameron Hospital. Before her inpatient career Dr. Kang worked at Pharmacy Care Concepts, a hospice and residential care pharmacy, and Sam’s Club Pharmacy as a pharmacy manager. She started her career as a pharmacist at Sav-on Pharmacy. Dr. Kang is a Board Certified Pharmacotherapy Specialist and Certified Geriatric Pharmacist and holds active positions in California Pharmacists Association, California Korean American Pharmacists Association, and the California Chapter of American Society of Consultant Pharmacists. She completed a Doctor of Pharmacy from University of the Pacific where she currently is finishing her Doctor of Education in Curriculum and Instruction. Her dissertation in progress is on flipped classroom.

**Joshua D. Kinsey**

Dr. Joshua D. Kinsey joined the Department of Pharmacy Practice at Mercer University College of Pharmacy on June 1st bringing with him over 10 years of community pharmacy retail and managerial experience. Throughout his career, he has served as a pharmacy manager with both Ingles Pharmacy and Kroger Pharmacy and also owned an independent pharmacy for almost 5 years that he started in 2009. His independent pharmacy was located on the downtown square in a small Northeast Georgia town and offered special clinical services to his patients. Dr. Kinsey has volunteered extensively in both his community and within the pharmacy profession during his entire career. He has served as Chairman of his local Chamber of Commerce Board of Directors, a member of the Board of Visitors for his undergrad and on various committees within community and civic organizations. Within the pharmacy profession, Dr. Kinsey has been actively involved with the Georgia Pharmacy Association (GPhA) since 2002, serving on multiple committees, academy boards and the GPhA Board of Directors for over 10 years. He graduated from Mercer University College of Pharmacy in 2005 and stayed involved with his alma mater, most recently as a member of the Alumni Board of Directors.

**Virginia Lemay**

Dr. Lemay is an Assistant Clinical Professor at the University of Rhode Island and maintains a practice site with Rite Aid Pharmacy, where she was named Favorite Pharmacist of the Year twice in the past three years. She is a Certified Diabetes Outpatient Educator (CDOE), Cardiovascular Disease Outpatient Educator (CVDOE), Certified Immunizer and MTM Specialist. She is also the Residence program Director for the University of Rhode Island/Rite Aid Pharmacy PGY1 Community Residency Program. Dr. Lemay teaches in the Self Care I required course and co-coordinates the Self Care II elective. She precepts Community APPE students participating in community pharmacy based clinical rotations, focusing on MTM, immunizations, diabetes, hypertension and proper selection of nonprescription medication. She is involved in many local, state and national organizations, specifically Co-Advisor for APhA-ASP, Eastern States Residency Conference Board member, Rhode Island Pharmacists Association Council Member, Chair Elect for Rhode Island Certified Diabetes Outpatient Educators and Member of the AACP SCT/NM Sig nominating Committee.
Heidi Luder

Heidi Luder graduated from Drake University College of Pharmacy in 2010 with her Doctor of Pharmacy degree. She has extensive experience in the community pharmacy setting and completed a community pharmacy residency at Froedtert Hospital in Milwaukee, WI from 2010-2011. Furthermore, Dr. Luder completed a community pharmacy outcomes fellowship from 2011-2013 and received a Master’s of Science in Health Outcomes Research from the University of Cincinnati. In her current role as shared faculty at the University of Cincinnati, she practices in the community pharmacy setting at Kroger Pharmacy in various clinical services offered at the pharmacy. She uses the QUEST/SCHOLAR method to recommend the most appropriate self-care products for her patients at the pharmacy. Additionally, she leads a variety of community pharmacy practice-based research projects. She teaches in the dermatology series in the Therapeutics of Non-Prescription Medicines Course at the University of Cincinnati. Additionally, she is the Self-Care I module lead in the Pharmacy Practice Skills Laboratory in the Spring Semester. She also teaches in several other modules in this Skills Lab course and is the course coordinator for Pharmacy Practice II, which teaches students a variety of topics such as communications, motivational interviewing, cultural competency, etc.

Heather Lyons-Burney

Heather Lyons-Burney received her Pharm.D. degree from UMKC School of Pharmacy. The launch of her career in pharmacy began with a PGY1 Residency at Cox Health Systems in Springfield where she continued on as a clinical pharmacist until 1999, primarily in the neonatal and obstetrics units. In 2000 she and her husband expanded their community pharmacy, to a second location which she served as the Pharmacist-In-Charge. Subsequently they expanded to a third location with a compounding lab in 2007. As a community pharmacy owner she utilized her compounding expertise and clinical skills to partner with a local hospital, an interdisciplinary hospice team, and the county health department to meet the health care needs of the community. In addition, Heather developed innovative services including immunizations, CLIA-waived testing services, medication therapy management, and compounding consultation in her community pharmacy to better serve her patients. In 2007, she joined a local “catalyst” team to establish a non-profit clinic providing an interdisciplinary approach to health care in an underserved population. The clinic now operates with full-time medical, dental, optical, lab, and a dispensary with Pharmacist services. After the sale of the pharmacies in 2010, she immersed herself into growing the non-profit clinic, as well as provided compounding consulting for physicians and pharmacies. Heather is a strong believer in community involvement, as well as involvement in professional organizations on a local, state, and national level. Throughout her career she has served as a preceptor for IPPE and APPE students, and provided didactic instruction to pharmacy and nursing students. In 2014, she joined the faculty at UMKC School of Pharmacy as a Clinical Assistant Professor at the newest satellite location in Springfield, Missouri.
Melissa Mattison
Melissa Mattison graduated from the University of Rhode Island with a BS in pharmacy then returned to school at the University of Florida for her PharmD degree. Prior to joining the faculty at Western New England University, Dr. Mattison worked in community pharmacy for Walgreens in Connecticut, Louisiana, and Massachusetts. She was recognized as pharmacy manager of the year as well as having the store of the year. Dr. Mattison was one of the first pharmacists in Massachusetts to begin immunizing and led the immunization program for Walgreens in Massachusetts. She was also the lead MTM pharmacist for the company in western Massachusetts. Dr. Mattison is currently a Clinical Assistant Professor of Community Care, specializing in obesity and weight loss. She is the clinical director of the Community Patient Care Center on campus and also spends one day per week at the Huntington Health Center as a pharmacy specialist. Dr. Mattison’s areas of interest include health and wellness, motivational interviewing, MTM, and disease prevention. Additionally, Dr. Mattison is the preceptor for the community care resident on campus. Dr. Mattison was recognized as Professor of the Year in 2013 and most recently with the Excellence in Scholarship award in 2015.

Elizabeth McCartney
Elizabeth earned her Bachelors and PharmD degrees at the University of Pittsburgh and went on to complete a PHY1 Community Practice Residency at the University of Pittsburgh School of Pharmacy in cooperation with Giant Eagle Pharmacy. She is now starting her second year as an Assistant Professor at the Philadelphia College of Pharmacy provides clinical pharmacy services at Sayre Health Center, a federally qualified health center (FQHC) patient—centered medical home (PCMH) that serves as a learning site for students of pharmacy, medicine and nurse practitioner disciplines. She lectures in the nonprescription therapeutics course for the second professional year students and incorporate self-care education into her advanced pharmacy practice experience (APPE) rotations with student so fall disciplines. Her research interests are focused on transition of care, patient engagement and self-care education. Her vision for future challenges and opportunities include creating didactic and experiential opportunities for interprofessional education regarding self-care and nonprescription medications.

Kimberly McKeirnan
Dr. Kimberly McKeirnan is a clinical assistant professor in the Department of Pharmacotherapy at the Washington State University College of Pharmacy. She joined the faculty at WSU in 2013 after spending the previous five years working as a community pharmacist. Dr. McKeirnan has been chosen as Teacher of the Year during the 2013-2014 and 2014-2015 academic years by her second-year pharmacy students. She was also the faculty preceptor on an APPE cross-cultural rotation to Ecuador in 2014. Dr. McKeirnan is passionate about research involving community pharmacy practice as it relates to public health and improving patient access to quality care services. In 2015 Dr. McKeirnan was selected for the National Association of Chain Drug Stores (NACDS) Foundation Faculty Scholars program, a year-long program focused on community pharmacy and public health research that contributes to improving patient outcomes. Dr. McKeirnan has also received a Pfizer Independent Grant for Learning and Change to improve immunization rates in a local rural area, a two year project which began in September 2015.
Skye McKennon

Skye believes individuals can take proactive steps to significantly impact their health and she has devoted her life to helping others achieve wellness. Her education includes a bachelor degree in biological sciences, a doctorate of pharmacy degree, and post-doctoral residency training focused on cardiovascular care. Skye previously held a faculty position at the University of Washington School of Pharmacy where she taught a variety of courses on health, diabetes prevention, and lifestyle change. She is a new clinical faculty member at the University of Utah College of Pharmacy where she serves as liaison to the School of Medicine and will course master the non-prescription medicines course in addition to her clinical practice. Skye is an American College of Sports Medicine Group Exercise Instructor, Schwinn Cycling Instructor, board certified pharmacotherapy specialist, and trained lifestyle prevention coach. Skye’s work has been published in the Diabetes Educator and the American Journal of Pharmacy Education and she has been interviewed and quoted in a variety of publications including The New York Times, First for Women Health, and Women’s Health. She is the author of the textbook *Pharmacotherapy for Allied Health* and is currently working on two additional books.

Danielle Miller

Danielle Miller is an Assistant Clinical Professor in the Department of Pharmacy and Health Systems Sciences at Northeastern University in Boston, MA. Danielle received her Bachelor degree in Pharmacy Studies from Northeastern University in 2011 and her Doctor of Pharmacy (PharmD) from Northeastern University in 2012. She completed a post-graduate training year (PGY-1) with a focus in primary care at the Bay Pines Veterans Healthcare System in Bay Pines, FL in 2013. During her residency she also participated in a teaching certificate program with Florida A&M University. Danielle also serves as a primary ambulatory care clinical preceptor for P4 Northeastern APPE students at Boston Medical Center in the geriatric and adult primary care clinics. Her clinical focus is in ambulatory care and her research interests include the scholarship of teaching and learning (SoTL), teaching with technology, and ambulatory/primary care, including OTC/non-prescription medications.

Cortney Mospan

Cortney Mospan is an Assistant Professor at East Tennessee State University Bill Gatton College of Pharmacy. Her focus is in community pharmacy practice with emphasis on business management, self-care, clinical service innovation and smoking cessation. Cortney is primary instructor within the self-care series and coordinates the second semester of the series. She is a clinical pharmacist with Mooney’s Pharmacy in Johnson City, TN where she develops and coordinates disease state management programs. Cortney also staffs at ETSU Charitable Pharmacy and provides smoking cessation counseling and diabetes education services at this site. She serves as the co-advisor for NCPA and Rho Chi at ETSU. Cortney received her PharmD degree from Ohio Northern University Raabe College of Pharmacy and completed a PGY1 Community Care Pharmacy Practice Residency at the Ohio State University College of Pharmacy with practice sites at Uptown Pharmacy and the Ohio Pharmacists Association. Cortney has been an active and engaged advocate for her profession. She is a member of AACP, APhA, CPFI, NCAP, PDS, PLS, Rho Chi and TPA.
Nardine Nakhla
Nardine Nakhla earned her Doctor of Pharmacy degree from Albany College of Pharmacy and Health Sciences in 2007 and has since been employed in both academic and community pharmacy settings in the United States and Canada. Dr. Nakhla currently holds the title of Lecturer and CPD Education Coordinator at the University of Toronto Leslie Dan Faculty of Pharmacy. She is also an Adjunct Clinical Assistant Professor at the University Of Waterloo School Of Pharmacy. Dr. Nakhla’s area of clinical expertise is in minor ailments and self-care. At both pharmacy institutions, Dr. Nakhla is responsible for designing and delivering curricular content on self-care, over-the-counter medications and common ailments in both the lecture and practical laboratory settings. As a columnist for Pharmacy Practice+, Dr. Nakhla writes about common and current issues related to OTC counselling. In addition to her extensive academic work, Dr. Nakhla is a part owner of an independent pharmacy and actively practices as a community pharmacist one day per week. She is an effective, enthusiastic and knowledgeable educator who enjoys teaching patients, colleagues and the community.

Nathan Painter
Dr. Painter currently serves as a faculty at UCSD Skaggs School of Pharmacy and Pharmaceutical Sciences. He coordinates and lectures in the Pharmacy Practice courses in the first year of the curriculum. He also has experience in developing ambulatory care services at a community and family medicine clinic, participating in the Partners in D project in primary care clinics across California, pharmacogenomics education, and prescription drug abuse. Using physician-pharmacist collaborative practice agreements, Dr. Painter has expertise in managing patients with various chronic diseases, including diabetes, hypertension, hyperlipidemia, and asthma. He is board certified as a Diabetes Educator through the National Certification Board for Diabetes Educators. In addition, he is certified in Pharmaceutical Care for Patients with Diabetes, and in Immunization Delivery. He is the Co-Director of the UCSD Family Medicine Rotation for APPE students.

Louise Parent-Stevens
Louise Parent-Stevens received her PharmD at the University of California at San Francisco and completed her residency at Duke University Medical Center. She has been board certified in pharmacotherapy since 1993 and is a certified immunization provider. After teaching at Rutgers University College of Pharmacy for several years, she came to the University of Illinois College of Pharmacy in 1986. As a Clinical Assistant Professor and Assistant Director of IPPE, she teaches extensively, including coordination of and teaching in the nonprescription medications class and the IPPE curriculum for third year students. She developed an elective, Pharmacotherapeutic Issues in Women’s Health, which has been taught since 2004 and she developed and maintains a clinical practice in the Family Medicine Center at UIC. Additionally, she has taught in the dental and medical school programs. Her publications include chapters in Applied Therapeutics, The Handbook of Nonprescription Drugs, Pharmacotherapy Self-Assessment Program (PSAP) and Essentials of Family Medicine. Her areas of interest are pharmacy education, nonprescription medications and women’s health issues.
Sheel M. Patel

Dr. Sheel M. Patel graduated from the University of the Sciences, Philadelphia College of Pharmacy with a Doctor of Pharmacy degree. She completed an ASHP-accredited Pharmacy Practice Residency at the University of Pittsburgh Medical Center/University of Pittsburgh. Prior to joining Butler’s faculty, she was Assistant Professor at the University of Pittsburgh, School of Pharmacy and maintained a clinical practice in inpatient internal medicine at the University of Pittsburgh Medical Center. Dr. Patel maintained a high level of involvement in the pharmacy practice residency program as the Program Director of the PGY1 residency program. Dr. Patel joined Butler University as an Assistant Professor at the College of Pharmacy and Health Sciences. Her current role includes Course Director for RX415/RX416 Self Care and Health Promotion and a clinical pharmacist with the Health Education Center at Butler University. She is a Board Certified Specialist in Pharmacotherapy and has completed the APhA Immunization for Delivery Certification Program. She advises pharmacy students in all professional years and is a mentor for Senior Research Projects.

Peggy Piascik

Peggy Piascik, Ph.D., is Professor of Pharmacy Practice and Science at the University of Kentucky College of Pharmacy. She received her B.S. in Pharmacy from Ohio Northern University and a Ph.D. in Pharmacology from The Ohio State University College of Pharmacy. Dr. Piascik served as president of the American Association of Colleges of Pharmacy in 2013-2014. She is a two-time recipient of the AACP Innovations in Teaching Award, completed the AACP Academic Leadership Fellows program in 2006, and was named the AACP Donald Brodie Scholar-in-Residence for 2009-2010. Her sabbatical project was an investigation of Scholarship of Teaching and Learning in the Promotion and Tenure Documents of Schools of Pharmacy. At the University of Kentucky, Dr. Piascik collaboratively developed the Nontraditional Pharm.D. Option, one of the first distance education Pharm.D. programs offered to practitioners. Dr. Piascik has received the University of Kentucky Alumni Association Great Teacher Award, College of Pharmacy Senior Class Teaching Award four times and the Michael J. Lach Innovations in Teaching Award. Her areas of teaching expertise include dietary supplements, women’s health, health promotion and wellness, and communication skills.

Lalita Prasad-Reddy

Lalita Prasad-Reddy, Pharm.D., MS, BCPS, BCACP, is a Clinical Assistant Professor of Pharmacy Practice at Chicago State University College of Pharmacy. Dr. Prasad-Reddy received her PharmD degree from Creighton University in Omaha Nebraska, in 2006, and her Masters in Health Communication (with an emphasis in public health) from Boston University. She completed a PGY1 pharmacy practice residency at the University of Chicago Medical Center and a PGY2 specialty residency in ambulatory care at Butler University College of Pharmacy/Indiana University Health in 2010. Dr. Prasad has been in academia for four years, serving as a pharmacy practice faculty member at Sullivan University College of Pharmacy from 2011-2013, and in her current capacity at Chicago State since 2013. Dr. Prasad’s clinical site is at Rush University Medical Center where she manages patients under collaborative care agreements. Her clinical interests include cardiovascular risk assessment, anticoagulation, endocrinology, women’s health, health disparities, and international public health. At Chicago State, her faculty responsibilities include co-ordination of the self-care elective, applied patient skills course, and third year medication management course. She has received several pharmacy accolades, and most recently in 2015, the P4 class awarded her The Preceptor of the Year award.
Jennifer Robinson
Dr. Jennifer Robinson’s primary responsibilities include teaching student pharmacists in the following courses; Leadership, Point of Care and Clinical Services and Introduction to Therapeutic Agents: Top 200 drugs. She has been the director of student services for the college of pharmacy since 2011. Robinson's areas of interest include leadership, motivation, mentoring, innovative teaching methods and clinical community practice. Her scholarship and grant funded research is primarily focused on expanding pharmacists clinical roles in the community to provide expanded patient access to care. Robinson graduated with her Doctor of Pharmacy degree from Washington State University. She was the manager of Jones Pharmacy in Spokane, Washington, prior to joining the faculty at WSU. She is a clinical associate professor in the department of pharmacotherapy. Robinson serves as advisory board member for the APhA-ADAPT continuing education program which supports the development of pharmacist centered clinical skills. In 2014 she was inducted as a Presidents Teaching Academy member at WSU and was selected as a College of Pharmacy Teacher of the Year in 2012.

P. Tim Rocafort
Dr. Rocafort is an Assistant Professor of Pharmacy Practice and Science at the University of Maryland School of Pharmacy. He is currently the co-course manager for various courses including Self-Care and Nonprescription Pharmacotherapy, Medication Therapy Management, and Pharmacist-in-Charge. He serves as a co-advisor for the National Community Pharmacists Association Student Chapter. His primary patient care focus is in the community pharmacy setting. He currently practices at The Johns Hopkins Hospital-Outpatient Pharmacies as a clinical pharmacy specialist where he promotes effective transition to community-based care of solid organ transplant patients, incorporation of medication therapy management services for continuity of care, and public health awareness through monthly health information sessions and immunizations of the general patient population. In addition, he is also a Board Certified Ambulatory Care Pharmacist with research interests in medication adherence, transitions of care, and patient engagement in their health care. Dr. Rocafort is an active member of several pharmacy organizations including serving as the President-Elect of the District of Columbia – Colleges of Clinical Pharmacy.

Tiffany R. Shin
Dr. Shin earned a B.S. in Pharmaceutical Science and a Doctor of Pharmacy degree from the Ohio State University College of Pharmacy. She completed a PGY-1 residency in Pharmacy Practice at UC Health-University Hospital in Cincinnati, Ohio and a PGY-2 residency in Ambulatory Care at the Ohio State University College of Pharmacy in Columbus, Ohio. She served as a clinical assistant professor at the Ohio State University College of Pharmacy for one year prior to joining the University of Kansas (KU) School of Pharmacy faculty in 2013. Dr. Shin’s teaching responsibilities include coordinating KU’s required self-care course where she also teaches the patient care process and the fever/pain modules. She also teaches pain management and arthritis in the remainder of the pharmacotherapy curriculum. Research interests include scholarship of teaching and learning and the pharmacist’s role in family medicine resident clinics. As part of the KU School of Pharmacy and School of Medicine collaboration, Dr. Shin spends part of her time with the Via Christi Family Medicine Residency where she precepts APPE pharmacy students. Her practice site is at the St. Francis clinic, where she plays an active role in patient care and teaching medical residents.
Kathryn J. Smith
Dr. Smith is an Adjunct Clinical Assistant Professor at the University of Florida College of Pharmacy. Kate received her Doctor of Pharmacy degree with an emphasis on Leadership at the University of Minnesota College of Pharmacy in 2013 and completed a Clinical and Community Pharmacy Residency with SUPERVALU, Inc., in 2014. She received her Bachelor’s degree from Wheaton College in 2008. During twelve years of community pharmacy practice, Kate has developed her clinical and patient education skills, leading group classes on diabetes and precepting pharmacy students on rotation. In 2014, Kate joined the University of Florida College of Pharmacy as clinical practice faculty to help students make connections between the classroom and the real world. She also works at CVS Pharmacy part time. Kate’s research interests include improving clinical services in the community pharmacy setting and educating pharmacy students with the clinical skills and cultural competency they need to serve their patients as well as the leadership principles they need to change the professions for the better.

Rachel Stafford
Rachel Stafford earned her Doctor of Pharmacy from the University of Arkansas for Medical Sciences College of Pharmacy and completed a PGY-1 Community Pharmacy Residency with UAMS and Kroger Pharmacy in Little Rock, Arkansas. She is an Assistant Professor at UAMS College of Pharmacy and a Patient Care Specialist with Kroger Pharmacy. At Kroger, Rachel is actively engaged in medication therapy management, immunizations, travel health, and wellness screenings and coaching. At UAMS, Rachel coordinates the Self-Care Therapeutics course and teaches in communication, pharmacy management, and patient assessment. She serves director for the Kroger Pharmacy/UAMS College of Pharmacy Community Residency program and advisor for the UAMS NCPA Student Chapter.

Katherine Tromp
Dr. Katherine Tromp is a Clinical Assistant Professor and the Director of Distance Education at the LECOM School of Pharmacy, Bradenton campus. Dr. Tromp’s practice site is the Good Samaritan Pharmacy and Health Services, Inc where she serves as the pharmacy manager and is a member of their Board of Directors. This is a non-profit pharmacy that assists patients who are uninsured or underinsured in attaining medications at no cost. Dr. Tromp coordinates and teaches a significant portion of both self-care courses at LECOM.
**Rashi Waghel**

Rashi Waghel is an Assistant Professor of Pharmacy at Wingate University School of Pharmacy. She received her PharmD from the University of Georgia and then completed a PGY-1 residency at the W.G. Hefner VA Medical Center in Salisbury, North Carolina before starting at Wingate in 2012. As a practice faculty member, Dr. Waghel teaches students in both the classroom and experiential settings. In the classroom, Dr. Waghel teaches in the Patient Assessment lab course and recently started teaching in the Over-the-Counter Pharmacotherapy course. As a board certified ambulatory care pharmacist, she focuses on diabetes education, medication management, weight loss, and smoking cessation at her practice site. She is a member of the American Association of Colleges of Pharmacy and the North Carolina Association of Pharmacists.

**Terri Wensel**

Terri Wensel is a 2005 graduate of the Auburn University Harrison School of Pharmacy. She completed a residency in drug information with DCH Regional Medical Center in Tuscaloosa, Alabama. After completion of residency training, she joined the faculty at Wingate University School of Pharmacy. In 2008, she joined the faculty at the Samford University McWhorter School of Pharmacy. Her experience there includes drug information, curricular assessment, and community practice. In 2009, she received board certification and became a tobacco treatment specialist in 2015. She is currently an Associate Professor, maintains a practice site with an independent pharmacy, and teaches a variety of topics within the Patient and Self-Care Monitoring course series.

**Miranda Wilhelm**

Miranda Wilhelm, Pharm.D. is a Clinical Associate Professor at Southern Illinois University Edwardsville (SIUE) School of Pharmacy and Clinical Community Pharmacist with Schnucks Pharmacy. Dr. Wilhelm received her doctorate of pharmacy from the University of Kansas School of Pharmacy. She completed a community pharmacy residency at B&K Prescription Shop partnered with the University of Kansas School of Pharmacy. Her areas of interest include self-care initiatives, immunizations, point-of-care screenings, wellness and disease state management and education.
Andrea Wilhite
Andrea Wilhite is an assistant professor of pharmacy practice at Manchester University College of Pharmacy, Natural, and Health Sciences. She graduated with her PharmD from Purdue University in 2010 and completed a PGY-1 residency at Lutheran Health Network in Fort Wayne, Indiana. She accepted her position at the Manchester pharmacy program in 2011 and has been faculty since the inaugural pharmacy student class who will graduate in May 2016. She co-developed the required P1 self-care course at a new college of pharmacy and has also been involved with aligning the non-prescription medication topics to pharmacy practice lab and the P1 IPPE experience. Her clinical area of practice is in family practice ambulatory care, with an emphasis in cardiology and diabetes.

Jennifer Wilson
Jennifer (Jenn) Wilson joined Wingate University School of Pharmacy in August 2012, as Assistant Professor of Pharmacy. She is originally from Dayton, Ohio and earned her PharmD from Ohio Northern University. Upon graduation, she completed a post-graduate community pharmacy residency with Kerr Drug and UNC Eschelman School of Pharmacy in Raleigh, NC. Following residency, Dr. Wilson completed a one-year academic fellowship at UNC in the pharmaceutical care lab. She is board certified in ambulatory care. She is currently an ambulatory care faculty member, and her practice site is at the Employee Wellness Center on campus. She coordinates several courses including self-care (over-the-counter) pharmacotherapy, therapeutic lifestyle changes, immunizations, and medication therapy management. She also works part-time in the community setting. She is active in the North Carolina Association of Pharmacists, American Pharmacist Association, and American Association of Colleges of Pharmacy.
