American Association of Colleges of Pharmacy
Alumni Survey

2019 National Summary Report

September 2019

© 2019 American Association of Colleges of Pharmacy.
About the AACP Curriculum Quality Surveys

The Graduating Student, Alumni, Preceptor, and Faculty surveys were first released in 2007. These surveys were based on the Accreditation Council of Pharmacy Education’s (ACPE) 2007 Standards with the intention of gathering continuous improvement data for the colleges and schools of pharmacy.

In spring 2015, the AACP Institutional Research and Assessment Committee (IRAC), AACP staff, and ACPE staff revised these curriculum quality perception surveys to accommodate changes with the release of ACPE’s 2016 Standards. In 2019, IRAC decided to move the demographic questions on three of the curriculum quality surveys (Graduating Student, Preceptor, and Alumni) to the end of the survey instrument. The Faculty demographic question section was already at the end of the survey instrument. The 2019 results reflect the fourth administration of these revised surveys and first administration of the renumbered Graduating Student, Preceptor, and Alumni surveys.

2019 Administration

The Alumni Survey was made available for online access in the AACP Survey System on May 6, 2019. As of September 2019, 76 out of 135 (56.3%) colleges and schools of pharmacy administered the survey to their 2014 - 2018 alumni classes. A total of 24,813 alumni were invited to complete the survey. Two thousand, four hundred and eighty-one (2,481) alumni submitted the survey for a total response rate of ten percent (10.0%). Response rates per school ranged from .7 percent to 61.0 percent. For more information regarding this summary report or the administration of the survey, please contact the Office of Institutional Research and Effectiveness (data@aacp.org).

2019 Highlights

Overall, alumni surveyed in 2019 reported positive perceptions of their college/school of pharmacy and the profession. The statements with the highest and lowest overall level of agreement are highlighted below.

<table>
