

## Survey Guide: AACP Roster and Faculty Salary Survey

### Purpose

AACP asks schools to report demographic, contact, and salary information for full-time faculty, contracted part-time faculty, emeriti, administrators, and select professional staff. The information collected in this survey is used to:

- Provide the most up-to-date faculty and professional staff contact information for each institution in the [AACP Roster of Faculty and Professional Staff](#), a searchable online member service directory
- Identify first-time faculty at each institution that are eligible for a [complimentary 2-year membership to AACP](#)
- Report national data on full-time faculty demographics and salaries in the [Profile of Pharmacy Faculty publication](#)
- Provide colleges and schools the ability to assess administrative effectiveness and conduct financial planning through the monitoring and benchmarking of full-time faculty demographic and salary trends via Tableau dashboards, ad-hoc data requests, and peer salary comparisons

### Accessing the Survey

This online survey is administered outside of AACP's survey system, through the Association's membership management system: [2020-21 AACP Roster and Faculty Salary Survey](#). This enables all the information reported to update automatically within our membership database after the survey closes.

Due to the sensitivity of data collected within this survey, login information is only sent to CEO deans at each institution via the survey opening memo email. The email must be forwarded to the appropriate staff member for them to complete the survey. While data collected within the survey may come from multiple sources within your institution, AACP recommends that one individual be assigned responsibility for submitting your school's data to AACP.

### Completing the Survey

Please complete this survey by the survey deadline. You may select any section of the survey by clicking on one of the section menu boxes at the top of the page.

## Definitions and Instructions

### Section I. Organization Information

In this section, the individual filling out the survey will be asked to enter their contact information. The Survey Contact will be used by AACCP staff for any follow-up questions regarding the survey.

You will also be asked to review the organization information for your institution. If applicable, please enter any changes to your institution's name, address, or physical address.

## Section II: Update Faculty and Professional Staff Information

Current faculty and professional staff information that AACP has on record for your institution is prepopulated into the survey. In this section, please verify and update your faculty and professional staff roster. **Most faculty and professional staff listed within your roster will not require any updates; therefore, you do not need to access each individual record. All records automatically advance 1 year in rank.** You are asked to update or add faculty and professional staff that fall into the following scenarios:

1. Update any continuing faculty or professional staff that received a promotion within the last year. Please update their **Title, Administrative and Academic ranks**, and their **Years in Rank**.
2. Add any new faculty or professional staff that joined your institution since the database was last updated or those anticipated to be faculty or professional staff in fall 2020, that are not currently listed in Section II. Use the “Add New Faculty/Staff” button for all individuals new to your institution.
3. Delete any faculty or professional staff that are no longer at your institution or anyone listed in your roster that is a student, resident or regular staff.

<b>Question Field</b>	<b>Reporting Instructions</b>
<i>Faculty Information</i>	Enter prefix, full name, and suffix where applicable
<i>Contact Information</i>	Select the appropriate title from the pull-down menu. If “Other” is selected please specify in the text box that will appear below the pull-down menu. Avoid using abbreviations. Include only one email address for the individual
<i>College/School Address</i>	Complete only if office address is not the same as main campus address (e.g. individual works from a satellite or branch campus)
<i>Degrees Held</i>	Check all that apply
<i>Highest Degree</i>	Enter the highest degree the individual earned based on all the degrees chosen in the “Degrees Held” field. Indicate whether the individual holds a professional pharmacy degree [e.g. B.S. in pharmacy, Doctor of Pharmacy (Pharm.D.)] and the source of the degree.
<i>Rank</i>	Choose the appropriate rank. If no administrative rank, please select the “No Administrative Rank” option. If no academic rank, please select the “Other/No Academic Rank/Program Staff” option.
<i>Discipline and Tenure</i>	Indicate one primary teaching discipline and tenure status for faculty. You may leave these fields blank for professional staff if not applicable.
<i>Department Head/Chair</i>	Select the checkbox if this individual is a department head or chair
<i>Years in Rank</i>	Round to the nearest whole year. If the upcoming academic year will be the first year in the rank, then report the years in rank as zero (0).  If both an administrative and academic rank are listed, provide the years in rank for the highest permanent administrative rank (not acting or interim rank). Include years spent in the same rank at another institution.
<i>Administrative Responsibilities</i>	Check all that apply
<i>Other Areas of Responsibility</i>	Check all that apply
<i>Appointment</i>	FTE and Type of Appointment should be consistent with the salary reported in Section III. FTE should be between 0.00 – 1.00. If you report an FTE of 0.5, make sure that the salary you report is half of what the faculty member’s salary would be at 1.00 FTE.  Refer to the AACP Definition of Salary in Section III for more information.
<i>Personal Demographics</i>	Report the year of birth (e.g. 1976), gender, and race/ethnicity of the faculty or professional staff. If the individual’s race/ethnicity is unknown, please select “Race/Ethnicity Unknown”

### Section III. Enter Faculty Salaries

All faculty and professional staff reported in Section II will populate into Section III along with their Title, Highest Rank, and FTE for reference. You are asked to report Base Salary, Other Compensation (if applicable), and the Total Salary for all full-time salaried employees as of July 1, 2020. **Please report the salary consistent with the FTE and Type of Appointment indicated for the faculty member.** Affiliate members (non-U.S. institutions) do not need to complete the salary section of the survey.

#### AACP Definition of Salary

Question Field	Reporting Instructions
Base salary	Report the annual full-time or part-time college/university compensation per contract or agreement, excluding benefits as of July 1
Other compensation	Report any supplementary stipends, bonuses, and/or compensation received from grants and contracts if applicable as of July 1
Total salary	Report the total compensation (base salary plus other compensation as defined above) received by salaried faculty members
Additional considerations for salary	Report the salary consistent with the FTE and Type of Appointment indicated for the faculty member

*\*If your institution cannot report Base salary and Other compensation separately, please report the salary in the Total Salary column within the survey for each faculty member.*

If a salary increase has been awarded as of July 1 but will not be put into effect until later in fall 2020, report the new salary. If a faculty member is expected to start employment as of September 30, 2020, report the starting salary effective that date.

#### Reporting Faculty Salaries – Examples

The following ten examples are provided to guide how to report salary in specific employment situations. Related issues may be what to report for FTE and Type of Appointment for some faculty. Please report the Type of Appointment that most closely represents the period for which the amount reported in Total Salary is received. Questions about specific cases at your institution? Contact the helpdesk at [data@aacp.org](mailto:data@aacp.org).

**Example 1** A college appoints a faculty member to a full-time, 9-month academic-year position at \$95,000, and allows the faculty member to supplement his/her salary during the academic year by \$10,000 from a university/college-approved contract or grant. Report as follows:

## Frequently Asked Questions

### What is the definition of 'professional staff' for purposes of this survey?

Include any professional staff that oversee or are the main contact for any of the Administrative Responsibilities or Other Areas of Responsibilities listed within the survey. Questions? Contact the helpdesk at [data@aacp.org](mailto:data@aacp.org).

#### Reporting Professional Staff

Question Field	Reporting Instructions
<i>Administrative Responsibilities</i>	Report any professional staff that oversee or are the main contact for: Admissions, Student Personnel Officer / Career Counselor, School Finance / Budget Officer (CFO), Experiential Education, Assessment, Development Officer, Residency Program, Diversity, Graduate Programs and Research, Interprofessional Education
<i>Other Areas of Responsibilities</i>	Report professional staff that oversee or are the main contact for: Curriculum, Pharmacy Law, Drug Information / Poison Control, Information Systems/ IT, Public Relations/Communications, IPPE Program, APPE Program

*Do not include administrative support staff or more than one individual for a category. If an individual pulled into the list that is not the main contact for any of the responsibilities listed above, please go ahead and delete them from your survey*

### Why are students, residents, or support staff that should not be included in the roster populating into my survey?

AACP tries to prevent individuals that should not be included within the roster from populating into your survey. Due to the internal structure of the membership database related to meeting registrations, some individuals may appear in your roster survey that should not be included. Please go ahead and delete these individuals from the roster if they should not be included.
