THE PROGRAM

Description

The Walmart Community Pharmacy Scholarship for Pharmacy Students will be awarded to seven (7) outstanding Doctor of Pharmacy (Pharm.D.) degree students who are accepted or enrolled in the professional curriculum at a U.S. college or school of pharmacy. Selected awardees must demonstrate leadership, academic success, and a commitment to serving rural or medically underserved patient populations. Each awardee will receive a **single \$5,000 scholarship**. New this year, Walmart will designate a rural pharmacist mentor for each of our recipients to connect the local Walmart team with the student recipients.

Goal of the Program

The scholarship will support the financial need of students enrolled in Doctor of Pharmacy (Pharm.D.) degree programs who plan to serve in rural areas, medically underserved areas or populations ([MUA/Ps](#)), or Health Professional Shortage Areas ([HPSAs](#)) upon graduation. The goal of the scholarship program is to promote and support student pharmacists who will address health disparities.
